ANTONY AND CLEOPATRA.

I am dying, Egypt, dying,
Ebb the crimson life tide fast,
And the dark Plutonian shadows
Gather on this benighted coast.
Let thine arms, O Queen, support me,
Hush thy sob and bow thine ear,
Hearken to the great heart-secrets
Thou, and thou alone, must hear.
Though my scarred and veteran legions
Perish, e'en high no more,
And my wrecked and scattered galleys
Strew dark Actium's fatal shore;
Though no glittering guards surround me,
Prompt to do thy master's will,
I must perish like a Roman,
Die the great Triumvir still.
Let not Caesar's servile minions
Mock the lion thus laid low:
'Twas no foeman's hand that slew him,
'Twas his own that struck the blow!
Hear, then, piloted on thy bosom,
Here his star fades quite away,
Him who, drunk with thy carresses,
Madly threw a world away!
Should the base, plebeian rabble,
Dare assail my fame at Rome,
Where the noble spouse, Octavia,
Weeps within her maiden home;
Seek her, say the gods have told me,
Altars, augurs, circling wings,
That her blood, with mine commingled,
Yet shall mount the throne of kings.
And for thee, Egypt, dying,
Glorious sorceress of the Nile,
Light the path to Stygian horrors
With the splendor of thy smile.
Give this Caesar crowns and arches,
Let his brow the laurel twine;
I can scorn the Senate's triumphs,
Triumphing in love like thine.
I am dying, Egypt, dying,
Hark the insulting foeman's cry:
They are coming—quick my faction!
Let me front them ere I die.
Ah! no more amid the battle
Shall my heart exulting swell;
I die and glory guard the throne
Cleopatra! Rome farewell!

A PECULIAR CASE OF MISTAKEN IDENTITY.—The Cincinnati Commercial, of June 22d, relates the following:

Gen. Henry C. Wilson, of Columbus, of whose disappearance from this city, and final return home, we have made mention, has living at Erie, Penn., a twin brother. The resemblance between these two is said to be something marvellous. Quite recently while Gen. Wilson's friends were making anxious search for him in this State, in Pennsylvania and New York City, a Cincinnati met Mr. Wilson, of Erie, in that city; shook hands; said he was very glad to see him, and reproachfully asked of him why he had absented himself in such a strange way, causing his family and friends so much distress. Wilson looked at him with a countenance covered with an expression of amused astonishment, and quietly informed him that he was mistaken in the person; that he was not Gen. Wilson, but his brother, and that he himself was in search of the missing man. Cincinnati did not believe the story; took another long look at the face before him; brought his cane down in a very positive manner, and bluntly informed Mr. Wilson that he ought to be ashamed of himself for thus coolly trying to impose on an old acquaintance. To this day he is positive that he was not mistaken in the man.

ORIGINAL LETTER OF JOHN WESLEY.—Mrs. Ann Patridge, aged 80 years, and a resident of Union, Erie county, Pennsylvania, has presented to Allegheny College, Meadville, as a centenary offering, an original letter of John Wesley, the founder of Methodism, received by her from her aunt, Miss Padbury, to whom it was written under the following circumstances: The following of Wesley were making efforts to build themselves a chapel, and the parish minister with the help of a mob would tear down by night what they erected in day time. This lady wrote to Mr. Wesley asking his advice in the matter, and the following is his reply:

LONDON, October 20, 1787.
MY DEAR BETTY:—I love to see anything that comes from you, although it be upon a melancholy occasion. Nothing can be done at the Court of King's Bench till the latter end of next week at the soonest, and till then I am trying all milder means which may possibly avail. If nothing can be done this way, we can but fight at sharpers there, but prayer and fasting are of excellent uses; for if God be with us who can be against us? Possibly I shall visit you this winter. I always am, my Dear Betty,
Yours, most affectionately,
J. WESLEY.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles.

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the basis of our National Union.

Resolved, That in reconstructing the nation its foundations should be justice and its architects loyalty, and we are unwilling that those who have been chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freedom and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, in any respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, and to secure to a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their aid and comfort while during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress to ward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and its present position here, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be honestly and fairly expressed.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations; and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

GORHAM AND THE SACRAMENTO UNION.

The young giant has given St. Anthony and St. Paul some center shots of late, and they are screaming lustily. It is about time the old hypocrites were unmasked. Did Charley Bird run with any proprietor of the Union? Did they ever win any money from him just before he defrauded Sacramento county out of \$14,000? Did young Hayden, just before he poisoned himself, associate with them? Did he ever lose any money to them? Have not other young men been started on the road to ruin by them, and been sent away by their friends as the only course left? Is it not common talk in Sacramento that a certain young man, now a member of a prominent business firm, is in great danger, simply from running so much with the saints of the Union? Let us consult common fame, and we shall find that all who know them best know well that in intimate association with them has preceded infamy and death!

When men set themselves up as reformers in religion, morals or politics, it is well to know who and what they are to know how much weight to give to their words. Only a good tree can bring forth good fruit. The Union saints are not good trees: they are bad eggs. And not only is their offense, in fighting Union nominees, "rank and smells to heaven," but personally they emit such an odor as to preclude the possibility of their becoming a sweet savor to anybody. They talk of reforming anything! They disinterested! They purifiers? The whole secret of their opposition to Conness and Gorham, whom they persist in trying to together, is, that Conness tried hard to break up the telegraph monopoly which was putting money in their pockets. The leading men of the concern are very much misused and derided by them. They are not entirely devoted, body and soul, to Mammon, Bacchus and Venus. They deserve from Mr. Gorham, and all Union men, no consideration, or quarter whatever. They have been brutal in their falsehood and vituperation, and deserve full exposure and utter contempt as base and cruel slanderers and calumniators, as well as workers for rebels and traitors.

BASE BALL.—We have received from A. Roman & Co. of San Francisco, the Pacific Base Ball Guide for 1867, the rules and regulations of the National Association of Base Ball players as amended December 12, 1866, and adopted by the Pacific base Ball Convention, and the laws of the Pacific Base Ball Convention, &c., authorized by the Convention. It contains first a diagram of a base-ball ground; next a history of the game on this Coast, then the names of the Clubs represented in the Convention. There are 16 in San Francisco, 5 in Oakland, 2 in Santa Clara and one in San Jose. Total, 24. Also a list of delegates, two from each Club, composing the Convention, and the names of the officers and committees, and the names of the secretaries of the various Clubs. Base-Ball is claimed to be the National game of the United States, and there is a rising pride felt in it as such. We are glad to see that the students in our schools and the clerks in our stores are adopting this most healthful and invigorating game to so great an extent. Fast may it grow into favor and long may it flourish.

NEW JUSTICE.—C. J. Brown has been appointed Justice of the Peace by the Board of Supervisors of Placer county in place of E. Aubury who has left the State. Business opens well. He had three cases the first two days.

PUBLIC SPEAKING.—We would impress it upon the minds of our citizens that Gov. Wood, of Oregon, J. P. Jones, nominee for Lieutenant Governor of our State, and the Hon. David Belden, of Nevada, will address the masses at this place to-morrow evening. All should go and hear them. By a recent letter received from Judge Hale, who is now in Shasta county, we learn that the two first of these gentlemen are doing good service for the noble cause. His endorsement of the speeches of these gentlemen should and will go a good way. All who have the pleasure of Judge Hale's acquaintance know him to be a sound thinker and one who more than usually closely scrutinizes men and things and one to gain his approbation must be indeed eloquent, argumentative and logical. The Judge says: "I could wish for nothing better than that every Union man in Placer county could hear these gentlemen speak, and I should have no fear to guarantee that not one would go away except with a firm resolution to vote the whole Union ticket and do all in his power to induce his friends and neighbors to do likewise." The Judge speaks confidently of the success of the ticket, and says that the dissatisfaction manifested toward the ticket a month ago is fast melting away. This agrees with the letters received from other portions of the State, and there is now no doubt but that the Union State and County tickets will be elected by large majorities. Hurrah, for Gorham, Freedom and Justice.

ASSAULT WITH A DEADLY WEAPON.—On Monday last, Jackson McNelly, of You Bet, was in this place and took dinner at the Dutch Flat Hotel. On coming out he threw down two bits, and said that was all he would pay. Mr. Seffens told him to take his money and go, when he drew his pistol cocked it and pointed it at Mr. Seffens, but did not shoot. He was arrested by Constable Greeley, taken before Judge C. J. Brown and fined fifty dollars. He told the Judge he was not drunk, but others thought differently.

GREAT IGNORANCE OR WORSE.—Many of the rebel speakers and papers are representing that Congress and the Union party of this State are in favor of Chinese suffrage. If they know anything they know they lie when they make such a charge. Only citizens of the United States are to vote under the laws of Congress. Has any Chinaman become a citizen of the United States in California? Can a Chinaman be naturalized under United States laws? If not then he cannot vote. Copperheads may swallow such bosh. Union men know better.

MINERAL SPRING.—A spring of very fine medicinal water has lately been discovered near the Lighthouse on one of the Farallone Islands. It gushes from the rock some ten feet above the ocean. The water contains chlorides and nitrate of lime, sodium and ammonia, soda and magnesium, and free hydrochloric acid. It is in color a delicate amber, and has a very agreeable taste.

CHINESE AND ENGLISH PHRASE BOOK.—We have received from A. Roman & Co. the second edition, revised and enlarged, of this very useful book. There are many who for purposes of trade, or for a better object, may desire to acquire a knowledge of the Chinese language, this book will greatly assist them. It is edited by Benoni Lanctot.

MONUMENT FUND.—The California Union Soldiers' and Sailors' Monument Fund has received in Dutch Flat the following sums: By subscription and lecture at Gold Run, \$34.50. From two lectures in Dutch Flat, \$80.00; Total, \$114.50. Expenses printing \$12; other expenses, \$20. Cash remitted to San Francisco, \$2.50.

THE Ladies of Gold Run will give an Ice Cream and Blackberry Festival on Saturday evening, August 17, 1867, at the Gold Run Hall, for the benefit of the Rev. Mr. Cool. All are invited. We hope all who can will go from this place. There will be a conveyance from here that will return after the Festival.

NEW POWDER.—Parties in San Francisco have a new explosive agent put up in a small paper tube or hose and made like a cartridge, which put into a hole drilled in rock makes terrible havoc. A company is to be formed to introduce it to general use and supply the market.

THE Trinity Journal speaks thus of the speakers who will be here on Thursday evening:

UNION SPEAKING.—Gov. Woods and Hon. John P. Jones address a very large and enthusiastic meeting last Saturday night. Gov. Woods spoke over two hours, and the arguments he advanced were so strong, and the assertions he made so fortified by proof that he made a marked impression. He is a fluent and able speaker, perfectly at home on the stump, and his expression of Unionism called forth the most unbounded enthusiasm. The Democracy is still writhing under the severe castigation received from Gov. Woods, and they will not soon forget the "Web-Foot," as they call him. J. P. Jones followed him in a short but effective speech, and at the close of the meeting both of the gentlemen received the warmest congratulations of many friends.

DO YOU WANT CAPITAL?—Then to work with you and earn it, save it, and you will soon settle the quarrel between labor and capital.

"Eighteen hundred men, strangers and Mexicans bearing arms, have been shot at Queretaro since the capitulation of that city, and not an evening has come or a morning broken but what the clank of rifles is heard at the different squares. Whenever we hear these reports, at evening or at sunrise, we know that some uncondemned Frenchmen, German or Mexicans are being pierced through by bullets. No trial allowed—no confession granted—but death, death, and blood, blood, are demanded by this so-called Liberal Government. So far as we have seen, with but few exceptions, it is composed of a motley crowd, and one thing is certain; no foreigner can live here. The persecutions upon all of them, Americans as well as others, have begun with earnest. All the Consulates and Foreign Legations were entered and searched last evening, against the protest of the respective Consuls and Ministers. 'Leave the country—we don't want you here,' are the greetings given to all foreign residents."

Colonel Sangster, of the Juarist army, who witnessed the execution of Maximilian, arrived in the Capital on the 20th. He says: "I do not know what my countrymen mean. All they seem to desire is blood! blood! blood!! I have seen it flowing in all the streets of Queretaro, and fairly loathed my land. I hesitated to return to my wife and children, whom I had not seen in four years, because I knew that the capital of my country was to be made red with blood as was Queretaro."

THE Chico Courier of August 9th says: "There has been a great change in the past two weeks, produced mostly by Democratic speeches and Democratic papers. There is no surer way of driving Union men to the support of the Gorham ticket than listening to Democratic speeches and reading Democratic papers."

COW COUNTY WEALTH.—Santa Clara county has gained a million dollars in taxable property within the last year.

TO-DAY'S ADVERTISEMENTS.

C. is hereby appointed Inspector to superintend and conduct an election for Captain to Company F (Pacific Guard), 5th Regiment Infantry, Col. Kopp, N. G. C. to fill vacancy caused by resignation of S. Wardner. Colonel Kopp will conduct said election according to law, and report the proceedings to these headquarters.

ATTENTION GUARD!

You are hereby commanded to appear at your armory on Saturday evening, August 17th, 1867, at half past 7 o'clock P. M., for the purpose of holding an election for Captain to fill the vacancy caused by the resignation of S. Wardner, and the transaction of such other business as may come before the meeting. LIBERTY COL. G. M. KOPP, 5th Regt. 4th Brigade Cal. N. G. Dutch Flat, August 13, 1867.

NOTICE

At a meeting of the trustees of the Rising Sun Gold and Silver Mining Company held at the office of the company, in the town of Colfax, J. 29th, 1867, an assessment of five cents per share was levied on the capital stock of said company. W. A. HIMES, Secretary.

A CARD FROM THE AMERICAN WATCH COMPANY, Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 500 operatives. They produce 25,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grade, are the product of the cheapest labor of Switzerland and the result is the worthless Anker, Lepine and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. Their manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrant is good at all times against the Company or its agents. ROBBINS & APPLETON, 182 Broadway, N. Y. General Agents.

Perry Davis' Vegetable Pain Killer.

after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sprains, Cuts, Stings of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

FATAL TRIAL OF A SUBMARINE BOAT.

After the bombardment of Valparaiso, and while the Spanish fleet was at Callao, a German residing in Valparaiso constructed a submarine boat for the purpose of applying torpedoes to the bottoms of the Spanish frigates. The boat was about forty feet long and was propelled by a screw worked by hand. So confident was her builder in her efficiency that he at the first experiment in the bay he took with him into the boat his son and eight friends. After sailing about a few moments on the surface the boat was made to sink without the precaution of having cables attached for use in case of accident, or even a buoy to mark the spot where she went down. Several hours elapsed and the boat failing to reappear, the spectators crowded on the mole began to fear that all was not right and as the day passed away, the conviction became general that the adventurous party had gone to the bottom. Late in the afternoon the mail steamer from Panama came in and fired a gun near the spot where the boat had disappeared. As the small boats were passing to and from the steamer, with passengers, etc., bubbles were discovered rising upon the surface of the water, where the submarine boat was last seen; and as these came up at regular intervals, in numbers, it was supposed that the party was still alive, and hearing the steamer's gun, and knowing that a great many boats would be going to and fro, was signaling for help by ejecting air. A diver belonging to one of the English men-of-war was at once sent down, and after half an hour's waiting he returned with the intelligence that the boat was on the bottom, in 33 fathoms of water. Chains and cables were immediately attached to the boat, and repeated efforts were made to raise her, but without avail, her bottom seeming to have been snaked into the oozy bed of the sea and become firmly fastened. All night and the next day until afternoon the bubbles kept coming up like signals, sometimes not appearing for half an hour at a time, and then suddenly rushing up for a few seconds with great force. The feeling of the populace assembled to rescue the party from their terrible fate may be imagined; but what must have been the reflections of the men during those awful hours at the bottom of the bay, knowing, as they did what little hope there was for them. They could have heard the divers working on the sides of their boat attaching the chains, and perhaps felt the strain as the cables drew taut; but as time sped away without being raised, despair worse than death took possession of them. Doubtless they tried to signal through the sides of their boat to the divers hammering outside, but he in his diving dress could hear nothing. The aperture of the interior was so small that but one person could pass through it at a time, and that very slowly, so that if an attempt were made to escape by that means all would inevitably be drowned. After many hours of laborious efforts to raise the boat the hoisting machinery broke, and the attempt was necessarily abandoned. About the middle of the afternoon of the second day the bubbles commenced growing fainter and more rare, and before sundown entirely ceased. The boat still lies where it went down, and the passengers arriving by the steamer are told by the boatmen, as they row toward the shore, the painful story of these ten men's fate, and of the families who still mourn in Valparaiso for their fathers and brothers in the iron coffin at the bottom of the sea.

A SERVANT girl in Covington, Kentucky, living in the family of a doctor, filled the pepper castor with horse powders which the doctor had left loose. The unsuspicious sawbones, being greatly addicted to pepper, used a large quantity of the condition powder at the next meal. He is now in fine condition, has rented a stall in a livery stable, and talks about running for Mayor.

A BIG WARRIOR.—One of the Indians who recently paid a visit to the end of the Union Pacific Railroad track, where the construction locomotive had just arrived, was so astonished at the whistles for "brakes down," that he exclaimed: "Him heap big warrior! Heap ho!"

EXCUSE US.—If we are a little late to-day lay it to the tardy arrival of paper from below, by no fault of ours.

THIS CELEBRATED INSTITUTE
has enjoyed on this coast an uninterrupted success
of forty years, and has become one of the most
famous hospitals of the world. What the celebrated
Lock Hospital is to London, and the no less renowned
establishment of Roudot is to Paris, this Institute
has become to the Pacific coast. The thousands
annually relieved and cured place it in point of
number of patients among the very first of the world
and the success of its treatment ranks it second to
none.

PRIVATE DISEASES IN MALES AND IRREGU-
LARITIES IN FEMALES are the great destroyers
of health. They insidiously attack the system and
gradually undermine and destroy it; they drive the
blood from the cheek, the lustre from the eye, the
strength from the frame; they give to the world many
diseased offspring, and poison, through suc-
cessive generations, the race of man. The marks can
be seen in Scrofula, Consumption, Grippes, the
Idiot, the Paralytic, the Insane, etc.
There is no more terrible scourge to the human
race than those diseases arising from the con-
tamination of Venereal Poison. The mildest form,
by retreating to the blood, hold over the afflicted one,
the destruction that is liable at any moment to fall
and blight—to utterly destroy—all earthly hopes.
SCROFULA, recognized as the most fatal medical
enemy to man, consuming with the Venereal, dis-
turbes his dangers. Those who have been treated with
that pernicious mineral poison are not cured; the
disease has only assumed a new form.

Do not be satisfied with partial cures
that leave the poison to crawl through the system,
eating its way into the tissues and organs beneath
the apparently smooth surface, to burst out in the
future with a virulence that will baffle the effects
of medicine. WHEN PERFECT CURES can be obtained
by consulting a physician who has long practice and
thorough investigation into the causes of DIS-
EASES OF THE CRINAL OLGANS, it is not difficult to
determine at once the nature of the disease.
In all cases entrusted to the Doctor's care, PER-
FECT, SPEEDY AND PERMANENT.

Cures are Always Guaranteed.
In syphilis and its adjuncts; Gonorrhea and its
accompanying diseases; all diseases of the Blad-
der, Kidneys, and prostate; Seminal Weakness,
Discharges of the Urinary Organs; Syphilis; In-
digestion, Impotency; Impaired constitution, and
all diseases of the urinary organs in either sex, cure
always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

Seminal Weakness or Spermatorrhea

The young man who experiences that growing
weakness in his muscular and mental organization
should stop to consider when it arises. It is the
first and most important sign of the disease. It is
in the weakness of the back, trembling of the
limbs, disordered digestion, unaccountable failing of
the powers of the mind, distaste for society, dread
of impending trouble, loss of sleep, nervousness,
troubled and lascivious dreams, accompanied
by growing deafness, loss of muscular power, and
unpleasant odors of the breath, that the disease
is manifesting itself. It is a disease that is de-
stroying his hope of life and manhood,
and dragging him down towards a premature and
dreadful grave. To him who finds his life dripping out
in the discharge of the vital principle of existence in no-
cturnal and diurnal emissions, the most impor-
tant of his appearance brings no assurance of relief.
Marriage, that holy office, the safeguard and hope
of manhood, brings to such an one no hope of cure,
but adds to his misery in the knowledge that he is
a victim to his evil, and an innocent companion of
his punishment. He adds to his misery and disorder
until hope leaves him. There is no rescue except
in proper and skillful treatment. Consult then, at
once, a physician whose long practice and careful
research has made him a master of the disease. In
the early stages of the disease, those who have become
the victims of satanic vices, that dreadful, fascinat-
ing and destructive habit, which fills thousands of
dark rooms with paralytics and consumptives, and
hundreds of untimely graves with its misbegotten
victims, should consult, without a moment's delay, one
who will sympathize with their sufferings. To such
the Doctor would especially address himself, giving
to each and all assurance of a PERFECT and PER-
MANENT CURE, without hindrance to business,
change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with dis-
ease and requires medical or surgical assistance, the
country should be where there is a physician who is
fully competent to administer relief, and whose
respectable standing in society recommends him to
the confidence of the community. The Doctor un-
derstanding how imperatively necessary these re-
quirements are, feels called upon to interpose, and
beg the attention of the afflicted to the fact that he
has been a Professor of Obstetrics and Female Dis-
eases for twenty years, and is fully qualified to ad-
minister in all cases, both medically and surgically,
not in a superficial manner, but in a thorough
manner as years of study and practice—both in hos-
pitals and private families—can make, to save them
from the hands of the unqualified, unscrupulous
and designing. Therefore families can rely upon
him as upon a father. All in affliction can find in
him one who will feel and sympathize with and be-
lieve them in trouble—one in whose secrecy the
most confidential case can be placed. Consultation by
letter or otherwise, FREE. See address below.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.
DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the
Pacific Mail Steamship Company's Office. Private
entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and
scientific medical aid in the treatment and cure of
all Private and Chronic Diseases, such as Scro-
fula and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to
his numerous patients for their patronage, and
wishes to express his appreciation of the confidence
he continues to consult at his Institute for the cure
of various diseases of the Lungs, Liver, Kidneys,
Digestive and Genito-Urinary Organs, and all pri-
vate diseases, viz: Syphilis in all its forms and
stages, Scrofula, and all the horrid con-
sequences of self-abuse, Gonorrhea, Gleet, Stric-
tures, Nectural and Venereal Discharges, Sexual
Disability, Diseases of the Back and Loins, Inflam-
mation of the Bladder and Kidneys, etc., etc., and
he hopes that his long experience and successful
practice will continue to cause him a steadily in-
creasing patronage. By the practice of many years in Eu-
rope and the United States, he is enabled to apply
the most efficient and successful remedies against
diseases of all kinds. He uses no mercury, and
moderate, treats his patients in a correct and hono-
rable way, and has references from men of known
respectability. What the Institute is to the afflicted
patients consulting him by letter or otherwise, will
receive the best and gentlest treatment, and im-
plicit success.

The welfare of society imperiously demand their
prompt relief. They are given more than a passing
glance to the patient, but a full and complete
treatment is given to each case. Being a stran-
ger in this city, and believing those Doctors who
have such positive assurances of success were need-
lessly the best, (some of whom have a large number
of cures), I placed myself in their hands, and con-
tinued under their treatment until I had lost nearly
all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor
I have employed, and the only one that has ever
done me any service. My Gleet is wholly cured, the
Stricture is all removed, and my general health is
better than it was for years.

In conclusion, I would say to the many unfortu-
nates who require medical advice, if you have any
doubt as to whom you may employ, ask Dr. Doherty
for advice, and you will not be disappointed. (I am
in this city.) My experience may save you many
dollars.

I would also add that in the early stage of my
disease, I used a large amount of the preparations
advised as an infallible cure for Gonorrhea, Gleet,
etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
A. S. GOULD, Notary Public.

Sacramento, June 16, 1864.
Subscribed and sworn to before me, this 21st day
of June, A. D. 1864.

Seminal Weakness—A Sworn-to Certificate of a
most Remarkable Case of Spermatorrhea.

A desire to benefit humanity, and a feeling of
gratitude to Dr. W. K. Doherty, alone induced me
to make this statement. For many years I have
been afflicted with that fearful disease known as
Spermatorrhea. It was not until I consulted Dr.
Doherty, in 1853, that I obtained any relief. I had
tried every remedy, but in vain. In that year, however,
I had Seminal Weakness to an alarming extent,
which was so much more than I could bear. My
symptoms were weakness of the back and limbs, pain
in the head, dimness of vision, nervousness and
general debility. My mind, too, was affected, so
that I could not concentrate my thoughts. I was
unable to perform my duties, and my health was
rapidly declining. I was in a state of great distress,
and I was in a state of great distress.

I was in a state of great distress, and I was in a

HOPE FOR THE AFFLICTED.—In another part
of this paper will be found the advertisement of the
celebrated Institute established by Dr. J. C.
Young, in 1850. In this age of deceit and charlat-
anism, it is a boon to the suffering to point out to
them where they are safe of obtaining the wished
for relief and cure. Under the care of the skill-
ful Doctor the sick and troubled can direct them-
selves of their burdens of pain, lay aside their
cross, and secure health and happiness. If you are
sick or in trouble, do not hesitate. Read the ad-
vertisement and follow the advice. Do not forget
the number or the manner of directing your letters.

Francisco.

MEDICAL ADVICE.—Dr. W. K. DOHERTY'S Medi-
cal and Surgical Institute is becoming a place
known to the welfare of our Star and health of our
citizens; and his rapidly spreading reputation, al-
though it may excite surprise, is but the signal of
skill, and fulfills the natural result of such a cause.
We are personally acquainted with gentlemen who
have suffered for years under chronic disease, and
who had taken advantage of every available means
that promised relief, but without success, until they
called upon Dr. Doherty, who, in an incredibly short
period of time, has given them entire relief. It is
gratifying to announce this fact, because the Dr. is
a gentleman who seeks, not for deflection of others
to establish his reputation, but for the relief of
suffering humanity. His own Institute in such a
manner must be gratifying to all his patients. He
examines, advises, and recommends without charge,
and the patient, after hearing his terms for treat-
ment, can accept or reject at pleasure. In no case
does the Doctor make a charge unless he effects a
cure. This is able to do, because he feels the
confidence which long experience has given,
